RUSHING

Service events: Charlie's Place, KEEN, pb&j and card making

Fellowship: scavenger hunt, bowling, brunch

Interview Night: make more selective, perhaps two nights

- Main goal at the end of Interview night should be to cut people if we felt we needed to and so get to know people better during Interview Night

- Brainstorm what we are looking for in people beforehand

- Form a selection committee

- Would introduce them all to the brotherhood

- Get to know the people

- If they say they're committed then what else are we looking for?

- Realistic cap – ESA sets at 25, should we follow suit?

- Spring Semester is always bigger than the Fall

Create three options to vote on – which route to take with taking new pledges

- Propose options at next meeting, contact Isabella to suggest

Think we should "preach" what APO does – should have guideline and criteria to explain what APO is at Informational sessions

- "This is what we do/this is what we want"

Invite people to facebook group for APO rush and info sessions!

Make APO rush thing facebook picture
You are obligated to find someone to fill your place once you graduate
ESA has actual applications, 10 pages, answer and submit
Should we construct applications also?
Go over application before the interview
Rush shirts? \$15ish previously
We could have a “wear your APO letters day” to promote

January 31st Dues due \$50 for active, \$32 for associate

PLEDGING

Waiting to see how many people before deciding dates
Retreat was great but should we have in future?
Could do hiking, etc.
ESA does a retreat on the Vern
Ropes course for free as a GW group

INTERCHAPTER RELATIONS

Suggestions:

Tubing fellowship type event
Think we should make friends with other chapters, especially our “little brother chapter,” UDC
Talk to them about how they do rush?
